

THE PHOENIX  
EXPERIENCE

# EXECUTIVE LEADERSHIP PROGRAM

**Visionary. Inspiring. Impactful.**

The current times are challenging – for all of us. Lockdowns, work from home, travel restrictions, lack of contact, ongoing sales targets... these are difficult to bear.

More than ever before is it important to come together as a team, to share, to listen, to understand, to grow, to be inspired and to master the challenges as one!

**THE PHOENIX EXPERIENCE is the ultimate leadership program for those that are ready to unleash their inner phoenix – as individuals and as teams.**

Specially curated for our esteemed partners, the PHOENIX will take your team on an impactful journey to new heights. Through monthly virtual PHOENIX sessions and the grand physical finale – a two day team workshop on a private Alpine hut – we will make your teams soar!

THE **PHOENIX** EXPERIENCE is run by multi-award-winning powerhouse Sonja Piontek who looks back on an international executive career, left the corporate world to set up the “Best Boutique Agency” in Singapore and who is known for her skills to unlock potential in individuals as well as in teams. Sonja regularly gets featured in the international media and is trusted by brands such as Leica, Land Rover, Lamborghini or Ultradent. Sonja is partnered by former pro ski racer and events genius Andreas Merkel – a true child of the Alps. Andreas has decades of experience running unique events and conducting outdoor/adventure trainings for executive clients. Together, Sonja and Andreas will help you overcome the challenging times and rise to new heights.

Let's make the PHOENIX fly!

**UNLEASH THE PHOENIX WITHIN**
